**Joseph P. Wilson, PH, PE**

*"...my engineering philosophy is simple  
...do it right."*

*Wilson Hydro, LLC, evolved from my experience working as a consultant in South Central Missouri. I saw a definite need for a technologically advanced approach to storm water management. Combining this need and my desire to advance the level of the profession in this area, Wilson Hydro, LLC, was formed.*

*My engineering philosophy is simple, do it right. We like what we do. It is apparent in all phases of our work. The team at Wilson Hydro exhibits enthusiasm and pride in providing you a project of which you can be proud.*

*Our client relationships are an important part of who we are. I am proud to say I have had the opportunity to work with several clients for over 10 years. Personal, professional service is what you can expect from our team.*

*We look forward to working with you.*
